PRESTWICK PARTNERS, LLC
NOTES TO STATEMENT OF FINANCIAL CONDITION
DECEMBER 31, 2018

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

Prestwick Partners, LLC (the Company) is a Limited Liability Company that is registered as a broker-dealer with the Financial Industry Regulatory Authority (FINRA). The Company provides financial advisory services to its clients predominately in merger and acquisition transactions.

Cash and Cash Equivalents

The Company considers all highly liquid investments with maturities of 90 days or less when purchased to be cash equivalents. Cash equivalents are carried at cost, which approximates market value.

Income Taxes

The Company was established as a Limited Liability Company. Accordingly, net income is specifically allocated and taxed to the individual member. No income tax provision has been included in these financial statements.

The Company has adopted the provision of Accounting for Uncertainty in Income Taxes. These new rules establish a higher standard for tax benefits to meet before they can be recognized in a Company's financial statements. The Company can recognize in financial statements the impact of a tax position taken, or expected to be taken, if it is more likely than not that the position will be sustained on audit based on the technical merit of the position. No such tax positions are recognized for 2018.

The Company is not subject to federal or state income tax examinations for taxable years prior to 2015.

Use of Estimates

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value

The carrying amounts of financial instruments, including cash, cash equivalents, commissions receivable, and commissions payable, approximate fair value due to the short maturity of these instruments.

Subsequent Events

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through February 6, 2019, the date the financial statements were available to be issued.

NOTE 2 MINIMUM CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission (SEC) Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2018, the Company had net capital of \$91,706, which was \$86,706 in excess of its required net capital of \$5,000. In addition, the Company's ratio of aggregate indebtedness to net capital was 0.00 to 1.

NOTE 3 RELATED PARTY TRANSACTIONS

A company, related through common ownership (Related Party), processes all of the payroll expenses for the Company. A payment, an expense in the Company's financial statements recorded as a management fee, is made to the Related Party in an amount that approximates the total personnel costs for the Company. This management fee for the Company totaled \$0 in 2018. The Related Party has no business other than providing these payroll services for the Company.

NOTE 4 CONCENTRATION OF CREDIT RISK

Major Customers

The Company will consistently have a small number of customers that will individually account for a significant portion of the overall revenue. However, due to the one-time nature of the consulting engagements, the Company is not economically dependent on existing customers for ongoing operations, but rather to find new customers to replace the revenue provided by the existing customers.

Concentration of Risk

Substantially all cash is deposited in one financial institution. At times, amounts on deposit may be in excess of the FDIC insurance limit of \$250,000.
